

Printing Like a Pro!

Certificates of Achievement

The personalized Certificates of Achievement are meant to be used to celebrate levels of learning and reinforce completion of the Printing Like a Pro! program.

Each certificate denotes a stage of learning. A certificate can be provided to a child when they have completed *each* group of letters, review worksheets, functional words, and/or numbers and then a final certificate at the end of a set of therapy sessions or upon completion of the entire program. There is also a customizable certificate, if needed.
